TO: The Membership of the Professional Insurance Agents of Louisiana

RE: The 2024 Louisiana Regular Legislative Session

The 2024 legislative session marked a significant milestone in insurance reform, set to transform the "status quo" of our Property and Casualty Insurance marketplace that has persisted for the past three years. Under the leadership of our newly elected Insurance Commissioner, Tim Temple, a collaborative effort among dedicated staff, state legislators, and industry stakeholders successfully pushed the Department of Insurance's bill package into state law. This collective endeavor underscores Louisiana's commitment to attracting insurance companies to offer new property coverage within the state.

These new laws are designed not only to curb practices leading to excessive verdicts and settlements but also to enhance the profitability of operating in Louisiana. This proactive approach is crucial for improving the availability and affordability of property insurance for Louisiana's property owners and residents.

I encourage you to review the new laws listed on the PIA website. **Please send any questions that you may have about the new legislation to Jody Boudreaux or Natalie Cooper to be reviewed during the Convention.** While no single person in our association is an expert in all aspects of legislation, the diverse expertise within PIA of Louisiana is vital for supporting the Insurance Commissioner in ongoing insurance reforms.

We hope to see you at the Convention, where Commissioner Temple, Representative Chance Henry, and our members will provide detailed explanations of these new laws. I am confident you will be pleased with the results.

Sincerely,

Clyde Bohne
Governmental Affairs Chair
PIA of Louisiana

PIA of Louisiana 2024 Regular Legislative Session Final Report

The 2024 Louisiana Regular Legislative Session convened on Monday, March 11, 2024 and adjourned on Monday, June 3, 2024.

At the behest of our new Insurance Commissioner Tim Temple, a number of property insurance reform bills as well as legal reform bills moved through the Session. We saw success on the property side and we expect the positive momentum will continue. The legal side, however, has been much more of a challenge, and PIA of Louisiana will continue to advocate for Louisiana legal reform as it is so desperately needed to bring options and healthy competition to the state for the benefit of all Louisiana insurance consumers.

This report should clearly indicate to you, our PIA membership, where our challenges lie. The evidence is in the status of the bills listed below, particularly the gubernatorial veto of **HB 423** following overwhelming passage in the legislature, and the failure to advance certain bills out of Judiciary A.

ACTS

HB 120 (Willard), now **Act 8**, effective 08/01/2024, repeals the 2025 termination date of the state's fortified roof grant program and keeps the program in place indefinitely. Related, **HB 484** (Duplessis), now **Act 553**, expands to allow any kind of roof upgrade, requires the Commissioner guarantee that insurers will provide discounts for such improvements, and enables the Commissioner of Insurance to seek grant dollars to fund the program in addition to the funding afforded by the state.

HB 315 (Johnson), now **Act 423**, effective 07/01/2024, extends the prescription period on tort actions to two years. Prior law afforded one year.

HB 337 (McFarland), now **Act 275**, provides relative to direct action against an insurer. The Act, effective 08/01/2024, establishes parameters for direct action against an insurer. Companion bill, **SB 250** (Allain) did not advance.

HB 609 (Firment), now **Act 625**, provides for the appraisal process and employment of umpires, effective 08/01/2024.

HB 611 (Firment), now **Act 9**, provides relative to homeowners' insurance and termination of certain policies. The Act removes the three-year rule provision that gives insurers the flexibility to better manage their books of business, by amending deductibles as well as allowing insurers to non-renew 5% of their book by parish (and potentially more if the deemed actuarially justified by the Commissioner of Insurance. The Act has two effective dates: 08/01/2024, wherein insurers may begin to adjust deductibles, and 01/01/2025, wherein insurers can begin nonrenewals. New

insurers entering the state will not be subject to the three-year rule provision. Companion bill, **SB 370** (Bass), did not advance although its approach was similar.

HB 613 (Firmant), a file and use bill, did not advance. However, companion bill **SB 295** (Cloud), now **Act 10**, permits insurers to file and use rate filings. The Commissioner of Insurance has 30 days to disapprove the rate filing.

HB 651 (Braud), now **Act 389**, provides relative to insurance fraud. It clarifies that a “fraudulent insurance act” “includes but is not limited to acts or omissions committed by any person who, knowingly and with intent to defraud, does any of the following: Presents to an insurer or insured a statement, estimate, invoice, bid, proposal, proof of loss, or any other document that misrepresents the scope of damages or costs of repairs associated with a property insurance claim.” The Act also points to fraudulent insurance acts as defined in RS 22:1923. The Act is effective 08/01/2024.

SB 84 (Seabaugh), now **Act 502**, effective 08/01/2024, provides for motion for judgment on offer of judgment. The bill modifies current law by allowing “an opportunity for adequate discovery, but not less than twenty days”. Further, it adds that “if the final judgment is in favor of the defendant offeror” the offeree must pay offeror’s costs, exclusive of attorney fees, incurred after the offer was made, as fixed by the court.

SB 113 (Talbot), now **Act 757**, provides the LA Citizens Property Insurance Corporation an exemption from liability for certain property insurance claims, namely general damages, special damages, or penalties in excess of the policy’s limit. LA Citizens may still pay legal interest due from breach or reasonable attorney fees and costs when otherwise provided. Effective 01/01/2025, prior to February 1 of each year, the commissioner shall report to the House Committee on Insurance and the Senate Committee on Insurance the percentage of residential property insurance business in each of the sixty-four parish markets in this state. If the corporation is writing less than twenty percent of the residential property insurance in any given parish market, the commissioner may recommend to the committees that the provisions of this Subsection be legislatively terminated and the provisions of Subsection A of this Section be reinstated as to that parish market. (b) The provisions of this Paragraph shall terminate on January 1, 2028. The Act is effective 07/01/2024.

SB 323 (Talbot), now **Act 3**, effective 07/01/2024, provides for fair claims processing. It clarifies what constitutes a breach of the good faith duty for an insurer; the time period a payment is due for a catastrophic loss of an immovable property and the time period a payment is due for a catastrophic loss of a residential property.

SB 355 (Stine), now **Act 765**, effective 08/01/2024, provides for regulation of litigation funding by a third party that is a foreign person, state, or wealth fund.

SB 367 (Bass), now **Act 339**, effective 08/01/2024, provides for the boards and commissions within the Department of Insurance. The Act terminates all current advisory boards and allows the Commissioner of Insurance to create one or more advisory boards consisting of

representatives of insurers, insurance producers, consumers of insurance products not otherwise connected with the insurance industry, and other appropriate persons.

BILLS VETOED

HB 423 (Melerine), which provides for the payment of recoverable medical expenses from collateral sources, passed with strong support in both legislative chambers. Designed to establish balance and transparency as well as to reduce excessive litigation costs by ensuring that damages paid in a trial are limited to the amount the injured party actually paid in medical expenses, was vetoed by the Governor.

BILLS THAT STALLED IN JUDICIARY A

HB 24 (Melerine), which provides relative to evidentiary presumptions in personal injury claims (related to the Housley Presumption), reads, “The lack of a prior history of an illness, injury, or condition shall not create a presumption that an illness, injury, or condition was caused by the act that is the subject of the claim for personal injury. The provisions of this Article shall not apply to personal injury claims brought pursuant to the Louisiana Workers' Compensation Law.”

SB 334 (Talbot), which provides relative to certain prescriptive periods for delictual actions, would have increased the time from one year as in current law to two years. It also provided that the prescription for delictual actions related to personal injury shall be subject to the provisions of present law. **HB 315** (Johnson), now **Act 423**, effective 07/01/2024, amends the prescriptive period from one year to two years but without the provisions of present law.

HB 336 (Chenevert), which creates the Litigation Financing Disclosure Act, would have required disclosure of third-party lenders to litigation.

SB 8 (Edmonds) provides for the Litigation Financing Disclosure Act, would have required disclosure of third-party lenders to litigation.

SB 18 (Seabaugh), which provides for collateral sources in civil action, would have limited the claimant’s recovery of medical expenses to the amount actually paid, and any applicable cost sharing amounts paid or owed by the claimant, and not the amount billed. This was a companion bill to Melerine’s HB 423 which passed with great support from legislators but vetoed by the Governor.

SB 20 (Seabaugh), which provides for evidence in personal injury claims (related to the Housley Presumption), would have established that a claim for personal injury damages that is not raised pursuant to the Louisiana Workers' Compensation Law, the lack of a prior history of an illness or injury shall not create a presumption that an illness or injury was caused by the act that is the subject of the claim.

SB 25 (Seabaugh), which provides for limitation of damages for compulsory motor vehicle liability security, would have increased the “no recovery” amount for injury or damages occasioned by an owner or operator of a motor vehicle involved in a motor vehicle accident who fails to own or maintain compulsory motor vehicle liability security. It would have also

increased an insurer's rights of subrogation for claims paid under the applicable policy for the recovery, and increased the amount the claimant's insurer has the right to recover for amounts paid on behalf of the insured for claims where no suit is filed for the recovery of any sum.

SB 244 (Talbot) provides for the admissibility of evidence for payment of medical expenses or losses from personal injury or property damage. This bill is similar to Sen. Seabaugh's **SB 18**, which also stalled in Judiciary A.

If you have any questions about recent legislation, please contact PIA of Louisiana Governmental Affairs Chair Clyde Bohne, or your PIA staff [Jody Boudreaux](#) or [Natalie Cooper](#) at 225-766-7770.
